REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lady's Island Middle School continues to work towards improvement. This school is a part of the Milken Family Foundation Teacher Advancement Program. Results from the longitudinal study indicate that our students are making significant gains. The school rated at the top level (5) for the school award. The school had no losses in any area. We also had the highest school-wide payout as a result of the gains.

Along with the rest of our district, Lady's Island Middle School completed its 5-year Strategic Plan which will be used to help guide us through the 2010 school year. This plan embodies a variety of strategies that will help focus our efforts on improving our students' PACT scores, use of technology to gather and analyze information as well as using it to increase problem-solving skills, evaluate staff development programs, recruit and retain highly qualified teachers, and improve communication between LIMS and parents. Accomplishment of these goals will help to create a better environment for teachers to educate our children.

Our faculty participated in a year-long arts integration professional development which helped to provide teachers and administrators with a foundation in arts integration through arts education training, curriculum mapping, and data driven instructional decision making. Along with this training, teachers and students were able to work with local artists in residence in order to learn ways to use art as a strategy in the classroom.

We are continuing to work with our community to increase parent and community involvement in our school. Through the efforts of our School Improvement Council and Parent Teacher Organization two initiatives were implemented, the 2nd Annual Spring Carnival and Taking LIMS into the Community Program. The carnival brought together LIMS staff, parents, younger brother and sisters, and the community for a day of fun and fellowship. Through the Taking LIMS into the Community Program, we were able to go into the community and engage in informal discussions with parents and community leaders.

There was an increase in the number of Junior Scholar students. One of our students was selected to participate in the State Geography Bee. We had students to represent LIMS in the Crayola Dream Makers Art Contest. Our girls' track team and 8th grade boys' basketball teams were conference champions. Students participated in a number of community service activities. The LIMS Safety Patrol Unit was formed this year. We had one teacher who became National Board Certified and one teacher who had the prestigious honor of being selected to attend the Science P.L.U.S. Institute. Several teachers won grants.

As we begin the next school year, the staff, students, parents and community of Lady's Island Middle School will continue to work together to foster relationships that will help transform our school into a learning community where students will develop common beliefs and values to create a consistent focus.
